

Collaboration Services.
Business. Backed by TELUS.

TELUS Xpress conferencing services meeting the conferencing needs of Canadian businesses

Xpress® services

Reservation and scheduling. TELUS provides toll-free audio, video and Web bridge reservation and scheduling. Our services include multipoint bridging, point-to-point, room-only rentals, Web conferencing, and Webcasting/streaming media services.

Public and private bridging. Conduct regularly scheduled or spontaneous meetings using our managed and on-demand conferencing services.

Public video conferencing room rentals. We rent conference rooms with video conferencing capabilities in more than 4,000 locations worldwide.

Video conferencing room brokering. TELUS will act as a broker to rent your video conferencing rooms to third parties.

Special events. We can fully manage your audio and video conferencing event including Webcast/streaming video link presentations – simulcast to reach all your participants.

the TELUS conferencing advantage

- TELUS is Canada's leading provider of video conferencing services
- Single 1-800 support line for all video conference application requirements
- 24/7 access to Web reservations
- Email/fax conference confirmations
- Fully bilingual bridge reservation and scheduling services
- Multipoint conferencing for IP and ISDN users
- Monthly usage reports available
- If you require, TELUS can provide a dedicated, trained bridge technician and a live codec connection (meet and greet services) for your video conference
- Quotations provided at no charge
- One central database to book all conferencing facilities
- Fully redundant and geographically dispersed bridging operation
- Proprietary international database of certified public and private rooms
