## Why choose TELUS for your business?

TELUS provides wireless solutions that deliver real business value.

By choosing TELUS, your business benefits from:

- A superior client experience
- Leading wireless networks
- Work smarter solutions

- Superior client experience
- Leading wireless networks
- Work smarter solutions

### superior client experience

A higher percentage<sup>1</sup> of clients stay with TELUS than any other national wireless provider. That's because TELUS takes the time to understand your business requirements and then matches a solution to meet those needs.

TELUS is also proud to offer Premium Business Support, including a team of expert professionals who provide 24/7 dedicated support for all wireless voice and data technical service needs that you may have. Benefit from the convenience of a single point of contact and priority queuing for rapid issue resolution. Plus, never be left without a working smartphone with our replacement service program. At TELUS, we understand your need to minimize business downtime and maximize simplicity.

### leading wireless networks

TELUS is the only telecommunications company in Canada to offer a choice of two dedicated networks – PCS and Mike®. The two networks allow us to provide customized solutions to complement your business needs.

### Canada's largest High Speed network

- TELUS offers the most smartphones on Canada's largest wireless High Speed network<sup>2</sup>
- We are the Canadian market leader in wireless Connect Cards, offering Internet anywhere<sup>3</sup> on TELUS' wireless High Speed network
- TELUS International Roaming allows you to stay connected to your business when travelling with access to service in over 140 countries<sup>4</sup> on one of our World Phones with the added benefit of 24/7 support

### Canada's Push To Talk® leader

- TELUS is Canada's Push To Talk leader with Mike service on the iDEN network and Push To Talk capability on the only BlackBerry® smartphone
- We are the exclusive provider of Mike – the all-in-one communications tool for your business with a wireless phone, two-way radio, email solution and pager with GPS, available in one compact device
- We offer the widest national selection of handsets from rugged to sleek, including handsets that meet military specs

# Why choose TELUS for your business?

## work smarter solutions

Email is important to your business, but your business is about much more. That's why TELUS offers a huge selection of smartphones and business applications such as Navigator, Visual Voice Mail and GPS Tracking and Dispatch Solutions – all designed to help you be more efficient and productive inside and outside the office.

### TELUS Navigator

- Get where you need to go and avoid getting lost with TELUS Navigator,<sup>5</sup> a GPS system for your TELUS mobile device with exclusive bilingual service from TELUS
- Receive real-time audible turn-by-turn driving directions and access detailed coloured maps that show your current location and desired destination
- Save on 411 fees and find over one million points of interest along your route, such as landmarks, restaurants, gas stations and much more

### TELUS Visual Voice Mail

- Voice mail messages are converted to text and sent via text message or email to any TELUS mobile device (email service exclusively from TELUS)
- Now there's no need to step out of meetings or dialling in to pick up missed messages, plus you'll have a written record of important information for future reference

### TELUS GPS Tracking and Dispatch Solutions

- Track valuable business assets, resources and vehicles in real-time with one solution from TELUS, and collect information from mobile workers for increased operating efficiencies
- Enhance service delivery by providing clients with more accurate arrival times and dependable scheduling
- Dispatch tasks to the business resource closest to the job and track the status of task completion as updated by your resource
- Create task reports to analyze resource performance while automating driver logs, reducing paper flow and administrative work

1 Based on 2007 Canadian blended and postpaid churn results.

2 Best selection of smartphones for EVDO service areas. For coverage maps, visit [telusmobility.com](http://telusmobility.com).

3 Available in EVDO coverage areas.

4 For a list of international roaming countries, visit [telusmobility.com/internationalroaming](http://telusmobility.com/internationalroaming).

5 TELUS Navigator is only available on select devices. For a list of Navigator-capable devices, visit: [telusmobility.com/navigator](http://telusmobility.com/navigator).
